Wise Words about Kids:

Wise parents know not to communicate worry about standardized tests. They say, "I know you'll do your best and continue to work hard." Students often have test anxiety when they hear others talk about how difficult tests were for them.

Second Grade News

Second graders will wrap up the quarter with a focus on money, measurement, and time. They are enjoying reading multicultural texts along with Dr. Seuss and stories that include dialogue. Students continue to read and write persuasive papers.

We are looking forward to our next field trip on Wednesday, March 10th to the Texas Memorial Museum. They will take the Texas Wildlife Tour and discover the diversity of Texas wildlife in native habitats. Nocturnal animals and their special adaptations will be explored.
